Features

- Decorative element:** Angled hand blown triplex glass carefully proportioned to each aperture size. Glass is gently and evenly illuminated for clean brightness recognition.
- Die cast finish ring:** Aluminum die cast finish ring with crisp 90 degree edges conceals all fasteners for a clean finished appearance.
- Die cast construction ring:** Internal die cast construction ring is mechanically attached to frame in kit and is concealed by finish ring.
- Mounting frame fasteners:** Four #8-32 screws and 4 knurled die-cast thumb screws secure construction ring to frame in kit.
- Reflector:** Flangeless trim required. Specified separately. Use specular clear (cl) finish for best performance and aesthetics.
- Frame-in kit:** Specified separately. See trim specification sheet for additional details.

Mechanical

Die cast construction ring securely fastened to four mounting frame studs and 4 (3/8" dia.) aluminum knobs. Decorative Element and finish ring quarter turn twist and lock into die cast construction ring.
