

It's all about  
The  
Contractor

- Tool-free installation in grid ceiling
- Easily adaptable to wood construction
- Automatically adjusts to ceiling thickness
- Locking frame design holds tile firmly in place
- Easily adjusts from 16" O.C. wood joists to 24" O.C. T-Bar
- U-Shaped mounting bars allow for two point installation

Designed with the Contractor in mind, Lytecaster offers new Uniframe frame-in kits that are quick and easy to install. Uniframe's unique "U" design is tailor made for commercial installations. Contact your Lightolier sales representative or authorized distributor to see how Uniframe will get you installing faster with better accuracy.
